

WEBSITE PRICING

Thank you for your interest with Champion Dreams to help bring your branding to life. We know this may be a new territory so we're here to make this process as smooth and cohesive as possible.

We know you have questions about how much is this going to cost? What do I get? And how long is this going to take? So here's the nitty gritty: websites start at **\$1075**, E-commerce sites start at **\$1,999**. All transactions are made through a Paypal Invoice.

TIMING: Please allow at least 3-6 weeks for the website to be completed. Keep in mind having all content information ready can expedite this process.

PAYMENT: A 50% deposit is required to begin the project. The remaining 50% will be due at the end of the project.

NOTE: * Pricing does not include domain subscriptions, or website hosting subscription. Domain prices typically cost \$10-\$25 depending on availability and years of subscription. Hosting subscriptions range from \$150 - \$200 annually.
